

Brick Making Along the Merrimack

Middlesex Canal Association
Winter Meeting: Sunday, 1 PM, Mar. 5th, 2017
(refreshments served following the meeting)

Middlesex Canal Museum
71 Faulkner Street, North Billerica, MA

On Tuesday, 2017 at 1:00 pm the Middlesex Canal Association will hold a public meeting at the Middlesex Canal Museum and Visitor's Center, address above.

Our featured speaker will be Charles H. (Chuck) Mower, master craftsman, teacher, community activist, and historian from Merrimack, NH. His topic - *Brick Making along the Merrimack*.

Blessed (and cursed) with a thick layer of glacial clay, communities along the Merrimack River established brickyards to satisfy the insatiable construction needs of nearby textile mills and related industries, then sent their products to market on 'fleets' of canal boats. Come hear the who, how, when, and where of early brick making.
